About you...

Why are you interested in joining the Family Experience Council at KidsInclusive?

Please describe any previous experience as a parent advisor or any other relevant experience:

Commitment

- I have time in my schedule to be a parent representative (attend meetings at a minimum of twice a year for a two year term) in person or virtually.
- I am in a position to respond within reasonable time frames to requests for input via email.
- I understand the importance of thinking broadly around issues raised, beyond my own personal experience
- I am ready to speak up and share suggestions and potential solutions to help improve the care for other children/youth and their families
- My motivation is to help future children/youth and families

As part of the process, the Family Engagement Coordinator from KidsInclusive will have a conversation with you by telephone or virtually to outline what this role entails, discuss your experiences and answer any questions you have. If you are not chosen for this Council, we hope you will be able to be involved in the other ways parents and caregivers will be sharing their views on improving service.

- Please send me information on meetings, surveys, chat groups and other ways parents will be able to share their views on improving special needs services.
